### Be a game-changer in today's highly dynamic corporate environment

SearchAsia is a prominent head-hunting firm with a strong Asia Pacific presence, we are offering unparalleled opportunities for fresh graduates looking for a great career to join our firm. Our success lies in teamwork, and we created a collaborative environment for our consultants to succeed in their careers.

### What does SearchAsia Consultant need to do?

- Job scope would involve business development and client servicing
- Explore, develop and maintain key accounts to source for more business opportunities
- Develop and liaise closely with corporate clients and hiring managers in order to enable delivery of their recruitment needs
- Handle full cycle of recruitment for from sourcing, screening resume, interviewing candidates to salary offer negotiation and beyond

### Who are we looking for?

- Bachelor's degree holder in **any discipline**, experience in HR or recruitment is not a must;
- Candidates with working experience in the field where you would need to **interact with different types of people and/or customer**;
- Energetic individuals who are **passionate** about meeting people and genuinely want to be in a **people-business**;
- Candidates with a **result-oriented mindset**;
- **Team player** with good **initiative**;
- Candidates with fluency in English and either Mandarin or Cantonese

### What are we offering?

New consultants joining the SearchAsia family would be trained by experienced mentors and be assigned with responsibilities from day one.

Assessment of your potential would take place from the start and outstanding performers will be groomed as our future business leaders to operate and lead his/her own specialist recruitment teams. You may refer to [Sharing from Our Consultants](#) about some of our successful stories.

### So take your first step with us today!

Email your cover letter and full resume to [recruit@searchasia.com.hk](mailto:recruit@searchasia.com.hk). Only shortlisted candidates will be invited for written tests and interviews.
