

UBER

Company intro:

- Uber is a technology company. We make a smartphone app that provides users with an on-demand, private car service to take them safely and smoothly to where they need to go, in dozens of countries and hundreds of cities around the world -- all at the push of a button.
- On another level, Uber is about applying mobile technology, data-driven decision making, and world-class operations teams to solve a massive, offline problem: urban transport.
- These are early days. Come join us, and help us build a new fabric for urban logistics that is redefining the way people experience and get around a city.

Community Support & Marketing Executive (Part Time Roles)

Are you looking to gain first hand experience with the leading global start-up technology company?
Are you interested in a rare opportunity to change the world such that everyone around you is using the product you built?
If so, we want to hear from you!

Uber is a mobile application that connects riders with drivers in over 300 cities across the globe with a touch of a button. Uber's rapidly expanding global presence continues to bring people and their cities closer. Our high-profile investors include Google and more recently Baidu. For more information, please visit: <https://www.uber.com/cities/hong-kong>

The Community Support & Marketing Executive position is a full-time role. The position offers a unique opportunity to work with a group of dynamic individuals, providing support across Uber's social media channels and customer service platforms. Successful candidates will take ownership of support and communication with Uber's database of riders. Applicants must be fluent in written and spoken Cantonese and a solid grasp of the English language is preferred. Successful candidates will be able to think quickly on their feet, possess an analytical mind and efficiently execute tasks.
